### Presentation

#### Cambridge English Exams - The Speaking Paper and other aspects of teaching speaking skills

Getting students to talk in class can, at times, be an uphill battle. Every student acknowledges the importance of speaking, but they are often extremely reluctant to work on this skill in class. These sessions will examine the skill of speaking and why some students appear to be 'blocked' when it comes to communicating verbally. We will look at methods we can use to get our students to talk more. We will also discuss the speaking part of Cambridge English Exams: how to accurately assess our students, what skills are being tested and how to make speaking exam practice relevant, interesting and a little bit more realistic.

A decorative border of various blue educational icons runs vertically along the left and top edges of the page. The icons include a graduation cap, pencil, paper plane, lightbulb, microscope, globe, book, envelope, pie chart, ruler, compass, and others.

## Presenter

### **Matthew Siegal**

Matthew Siegal has been teaching English since 2009 and has worked as a teacher in schools, businesses and universities in Poland, Laos and the UK. Since 2014 he has worked as a Director of Studies of a summer language school in the United Kingdom. In addition to teaching, Matthew has worked as a Senior Teacher and Teacher Trainer. He has delivered training sessions to teaching professionals from a range of institutions and who deal with students from a variety of countries and backgrounds. Matthew is a native speaker of English who was born and grew up in the North West of England (UK) but he is in fact, through his parents, half Scottish and half American.
